SKILLS

- **Front-End Development:** HTML5, CSS3, JavaScript (ES6+), React
- **Back-End Development:** Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Programming Languages:** Java + DSA
- **Git, GitHub, Linux**

EDUCATION

- **Bachelor of Technology in Computer Science and Engineering** | Vellore Institute of Technology - AP, Amravati, Andhra Pradesh CGPA: 7.74 | 2027
- **XII (BSEB)** | Lohia Charan Singh College, Darbhanga, Bihar 76.8% | 2022

ACADEMIC PROJECTS

- **Nestico: Full-Stack Real Estate Platform (Ongoing)**

Developed a full-stack real estate application using the **MERN stack**, with a **RESTful API** to manage listings and user authentication.

Implemented a **CRUD API**, an advanced search and filtering system, and **integrated an open-source mapping library** to display property locations.

Designed the responsive front-end with **HTML5**, **CSS3**, and **Bootstrap 4**, using asynchronous **JavaScript** (fetch/async-await). Deployed on Render.
